Christian Band

Fire Engine Red

I am in a Christian band
you may not like it but thats where I am
I owe everything to God because He saved my life
All I do I wanna do for Jesus Christ
I am in a Christian band
I am gonna spread the gospel in a Christian band
A lot of people choke the Holy Spirit today
but being of the world has a high price to pay
you dont talk about your faith everything is just nice
when they dont know that you believe in Jesus Christ
I am just a broken man
through He who strengthens I can do all things
the word of God never returns empty
do not fear, its the right to say
doing Gods work is never easy
is watching friends go straight to hell any more pleasing?
Its a sham, to deny the great I AM
Come on and be a man and spread the gospel in your Christian band
we all make foolish choices because of our flesh
when you turn and follow God He pays for the whole mess
some say they serve Christ and lead a life of sin
because He knew your heart, He'll say I never knew your name
He paid for all my sin
Im telling you all you gotta do is let Him in
I am in a Christian band
you may not like it but thats where I am
I owe everything to God because He saved my life
All I do I wanna do for Jesus Christ
I am in a Christian band
I am gonna spread the gospel in a Christian band
