

# Don't Hold Your Breath

## Calla

This day is dead

This day is dead

Catch him by the tongue until He says:

"I've wasted it..."If I could tell You, I wouldAll I know is I thought I saw You crawl back for moreIt's like You  
said

Just like You said

I'll hold my breath for You instead

But don't count on it.If I could tell You, I would

If I could hold You, I would

I should have told you I could.All I know is I thought I saw You crawl back for more
