

# Cookie Cutter

## Pretty Ricky

Whoa, yeah  
Whoa, yeah  
Whoa, yeah  
Whoa  
Yeah let's go Never in my life  
Felt this way  
Had to pinch myself twice  
Can't believe how you look tonight Feels like I'm livin' a fantasy  
'Cause honestly you are like  
Ten million stars  
You're so bright Shine so hard no need for sunlight  
Don't you move girl  
'Cause I've been waiting for this day to come Shawty no way  
No other girl does it better than you  
She got seven on them sixes  
With hello kitty seats  
Drop it low if you got dunk in the trunk girl (Chorus)  
She's explosive  
I'm not afraid to let her know it  
I'm never gonna let her to  
Step to the average you  
She's not a cookie cutter  
One and only  
I can never let her go  
I swear to tell the girl the truth  
A step above the average you  
She's not a cookie cutter (Bridge)  
Cutter, she's not your cookie cutter  
Cookie cutter cutter  
I gotta gotta gotta have her  
And I gotta cut her  
Gotta cut her  
Gotta have her  
Yeah I gotta have her  
She's not a cookie cutter Shoulda' let her know  
That she's on another level  
Nothing compares to my angel I can't even describe what she does to me  
But I try to explain  
Words get in the way Romance showed up to my baby

Makes me feel like I'm super human  
I feel I could fly Shawty no way  
No other girl does it better than you She got seven on them sixes  
With hello kitty seats  
Drop it low if you got dunk in the trunk girl She's explosive  
I'm not afraid to let her know it  
I'm never gonna let her to  
Step to the average you  
She's not a cookie cutter  
One and only  
I can never let her go  
I swear to tell the girl the truth  
A step above the average you  
She's not a cookie cutter Woohooooo...  
Hey, hey, hey, hey  
She's not a cookie cutter Cutter, she's not your cookie cutter  
Cookie cutter cutter  
I gotta gotta gotta have her  
And I gotta cut her  
Gotta cut her  
Gotta have her  
Yeah I gotta have her She's not a cookie cutter  
Yeah, who could understand  
You the different type  
Even one in a mill  
You one of a kind  
I love it how you do it  
Cause you do it just right Can't help it but be glad  
That you're mine Uhh, shawty, if you pretty say pretty ricky  
Shawty, if you pretty say pretty ricky Pretty pretty ricky  
Pretty ricky  
Pretty pretty ricky  
Pretty ricky Never in my life  
Felt this way  
Had to pinch myself twice  
Can't believe how you look tonight A fantasy  
'Cause honestly you are She's explosive  
I'm not afraid to let her know it  
I'm never gonna let her to  
Step to the average you  
She's not a cookie cutter  
One and only  
I can never let her go  
I swear to tell the girl the truth  
A step above the average you

She's not a cookie cutterCutter, she's not your cookie cutter

Cookie cutter cutter

I gotta gotta gotta have her

And I gotta cut her

Gotta cut her

Gotta have her

Yeah I gotta have her

She's not a cookie cutter girl
