

Steady

The London Souls

Steady are you ready?
Steady are you ready for me?
Steady are you ready?
Steady are you ready for me?
Come a little closer,
take another bite.
Steady are you ready for my rockin' tonight?
Come across the ocean.
Come across the ocean for me.
Come across the ocean.
Come across the ocean for me.
Come a little closer,
take another bite.
Steady are you ready for my baby tonight?
Steady are you ready?
Steady are ready for me?
Steady are you ready?
Steady are you ready for me?
Come a little closer,
take another bite...
