

# Always & Forever

## A Sound Mind

I don't wanna be calling your phone  
I don't care what time you get home  
And I hate the fact that you live so damn close to me  
I don't like that I can't stop thinking 'bout you  
And I hate that you walk like you do, oh babyBut it's just something 'bout ya  
And I just can't take it  
Girl, it's just something 'bout ya  
And I just can't take itIts your thighs, your lips  
Your calves, your lips  
Its your hair  
Did I mention your lips?Oh, why I behold you  
Why do I want you always & forever, always & forever?  
'Cause girl, you got it, Im gon' keep it  
Oh, you got me trippin' on you  
So that's why I want you always & foreverI don't want to be pickin' you up  
Taking you on dates and \*\*\*\*  
I don't wanna be payin' your bills  
Gettin' you all spoiled and \*\*\*\*Don't want you to decorate my house  
But I can't help it  
Girl, you make me feel so comfortable  
I'd be damned if I let you go, ohBut it's just something 'bout ya  
And I just can't take it  
Girl, it's just something 'bout ya  
And I just can't take itIts your thighs, your lips  
Your calves, your lips  
Its your hair  
Did I mention your lips?Oh, why I behold you  
Why do I want you always & forever, always & forever?  
'Cause girl, you got it, Im gon' keep it  
Oh, you got me trippin' on you  
So that's why I want you always & foreverI try hard to keep my cool but I cant live  
I can't, I shake 'cause I'm so strung out on you  
But it's cool 'cause Im gettin' all my hits from you  
And girl, it gets to me, the way that Im feelin'  
Its so crazy 'cause I don't know how Im dealin'  
Girl, if I lose you, Im done 'cause I know you're that oneOh, why I behold you  
Why do I want you always & forever, always & forever?  
'Cause girl, you got it, Im gon' keep it  
Oh, you got me trippin' on you

So that's why I want you always & forever
