# Justified

## Patrice

One step away from falling of the edge
And you're struggling and you're trying
But I will have to let you die
You're more dead to me
With every further word you speak
And I won't tell you no lie
I won't say it, just so you feel betterNo, I won't ease your soul
No, I won't make you feel justified
No, I won't ease your soul
No, I won't
(No, I won't, no, I won't)
One breath away from the last one that you'll take
And I'll make it worth your while
Oh I'll let you go in style
See, I don't wanna change you
And you sure won't change me
And I will sit here and just smile
I'm just not that type and you should know thatNo, I won't ease your soul
No, I won't
(No, I won't, no, I won't)
Make you feel justified
No, I won't ease your soul
No, I won't
(No, I won't, no, I won't)
Make you feel justified
See, I don't know what to say
But you don't know what you say
Although you're talking to me
It seems like you'll be talking through me
Your voice seems far away
And I only see your lips moving
Like you're in the TV
And I'm out here watching a movie
Damn where's the botton to switch this off?
Sh's over doing it
She goes "you know I mean"
I'm like "no, I won't approve it"
Lord show her a sign or something
Don't wanna hear about shopping

She's just yapping without stopping
And don't even see what's happening
She don't feel nothing
I would like to talk about different things like
The world we're living in and who is really spinning it but
I guess the point is our worlds are too different
And I won't smile like some hypocrite
(No, I won't, no, I won't)
Make you feel justifiedNo, I won't ease your soul
No, I won't
(No, I won't, no, I won't)
Make you feel justified
No, I won't ease your soul
No, I won't
(No, I won't, no, I won't)
Make you feel justified
Make you feel justified
(No, I won't, no, I won't)
Make you feel justified
(No, I won't, no, I won't)
Make you feel justified
(No, I won't, no, I won't)
Make you feel justified
(No, I won't, no, I won't)
Make you feel justified
(No, I won't, no, I won't)
Make you feel justified
(No, I won't, no, I won't)
Make you feel justified
(No, I won't, no, I won't)
