Can I Get a Witness

i5

Can I get a witness to how I feel?
Someone to confess what I feel is real
Gonna need help to win his heartCan I get a witness to let him know?
Someone to confess I want him so
Please say you'll give my love a try
Can I get a witnessAll I do is dream about you
My friends tell me
Girl you need to play it cool
You need to let him come to youI can't deny it
Can't get him off of my mind
Everywhere I go
I see his image all the timeCan I get a witness to how I feel?
Someone to confess what I feel is real
Gonna need help to win his heartCan I get a witness to let him know?
Someone to confess I want him so
Please say you'll give my love a try
Can I get a witnessPeople say I'm going through a phase
Just give it time, it will fade away
But they don't know what this love's aboutYou see, I've searched my soul
And it all leads straight to you
Show me you understand
And make this dream come true, babyCan I get a witness to how I feel?
Someone to confess what I feel is real
Gonna need help to win his heartCan I get a witness to let him know?
Someone to confess I want him so
Please say you'll give my love a try
Can I get a witnessI'm lost inside of you
Can't help what I go through
I'm willing to give my heart and soul to you, babyTell me you feel this way
Tonight and everyday
You are the very best part of me, baby
Can I get a witnessCan I get a witness to how I feel?
Someone to confess what I feel is real
Gonna need help to win his heartCan I get a witness to let him know?
Someone to confess I want him so
Please say you'll give my love a try
Can I get a witnessCan I get a witness to how I feel?
Someone to confess what I feel is real
Gonna need help to win his heartCan I get a witness to let him know?

Someone to confess I want him so
Please say you'll give my love a try
Can I get a witnessOoh
