## Trey Songz

Ladies all around the world,  
You got that bomb and you know it,

Gotta body like bam, ass like wow  
Titties like hey, Trey! What you goin' do with em'  
Huh? I'ma show you what to do with em'  
Put em in ma face, when I'm on the stage I'm,  
Thinking about your pretty little waist, I'm  
Thinking about the way the taste, I'm  
In your belly playing Kelly motivation.  
I'll tell you something girl  
You da best i ever had,
