

Love This Time

Jane Olivor

You can cut me down with just one word
Or say the sweetest things I ever heard
I know you have the power over me
And I donâ€™t have it over you

They say one lover loves the other more
But Iâ€™m the lover youâ€™ve been waiting for
I know I couldnâ€™t hurt you half as good
And I wouldnâ€™t try to, if I could

Chorus:

And I guess itâ€™s really love this time
The feelinâ€™s growing day by day
And I guess itâ€™s really love this time
No one else can make me feel this way

A drifter waiting for another meal
A gambler waiting for a better deal
I only laugh at things I used to dream
Cuz Iâ€™m only half of what we feel

Repeat Chorus

Each time Iâ€™ve done my share of crying
Youâ€™ll find a way to keep me trying
There must be schools for fools like me

Repeat Chorus

No one else can make me feel this way
