

# Get On the Flaw

## People In Planes

I got a red car  
And I'm going to unleash her  
I want a red car  
It's only human nature There's somebody missing  
I thought I counted in  
Somebody better catch him  
Cos now he is offended We're gung-ho for info  
We're kids to the cola  
And we'll take over  
Get on the flaw  
What you waiting for  
This life holds more  
So get on the flaw He's going ballistic  
I think they'll pay a visit  
We'll get compensated  
But it'll never cover it We're gung-ho for info  
We're kids to the cola  
And we'll take over  
Get on the flaw  
What you waiting for  
This life holds more  
So get on the flaw
