

# No Sleep for Me

## Tumbleweed Company

Oh Mother, won't you save me  
from the wolves circling round my door?  
Draw the blinds, won't let the  
cold night creep into my calmCause there won't be no sleep for me  
no peace before the dawn  
No there won't be no sleep for me  
no peace before the dawnOh Mother, there's a paleness  
spread across your face, it's enough to worry  
The darkness lies uncommon  
long upon the pause before the dayCause there won't be no sleep for me  
no peace before the dawn  
No there won't be no sleep for me  
no peace before the dawnOh Mother, won't you save me  
from the wolves circling round my door?  
Draw the blinds, won't let the  
cold night creep into my calmCause there won't be no sleep for me  
no peace before the dawn  
No there won't be no sleep for me  
no peace before the dawn  
No there won't be no sleep for me  
no peace before the dawn
