Manta Ray

Saint Yorda

All in a day, all for me
Trek across the space
It'll be just like they say
Ooh, ooh, ooh, ooh, yeah
Since I am told, month number three
He has no memory
Of fliers in the night
Ooh, ooh, ooh, ooh, yeah
They went away, they went away
My manta ray is all right, my manta ray is all right

My manta ray is all right, my manta ray is all right
Police they say my mother too
A fish from ocean blue
Above my head that night
Ooh, ooh, ooh, ooh, yeah
They is a way, they is a way
My manta ray is all right, my manta ray is all right
My manta ray is all right, my manta ray is all right
