Unzip Your Harrington

Drowners

Trouble for a friend of mine
It's not fair he made you go to school
Let's tear up the list tonight
Of all the things your scared to tell your fatherI'm gonna hang around
Long enough to be part of the furniture
Oh boy you look so suave
When you unzip your harrington
I guess what your like at homeSpend the cheque that you picked up today
Neon lit when I saw your face
The post came I thought a letter great
It's all about how you never go on holidayI'm gonna hang around
Long enough to be part of the furniture
Oh boy you look so suave
When you unzip your harrington
I guess what your like at homeI'm gonna hang around
Long enough to be part of the furniture
Oh boy you look so suave
When you unzip your harrington
I guess what your like at home
