

How Long

Howling Bells

How long, how long
Before I'll need to knowHow long, how long
Before I'll need to goWhen morning came
I knew that I was sure, sure
Stepped out of my mind
I saw that I was rightHow long, how long
Before I'll let you goHow long, how long
Before I'll never showAm I blind
Or is that too much light
How do I walk this alone
Do I fight myselfHow long, how long
Before I'll need to knowHow long, how long
Before I'll let you goBefore I'll never show
