

# The Graveyard

## King Diamond

Where am I? What am I doing here?  
In this God forsaken graveyard  
Yeah, yeah, that's what I'm doing  
I remember now This is my new home  
And they will never find me here  
They will never, never, never, never, never find me out here  
Because, because I, I'm out, I'm out here I, I, I like it out out here, I, I, I it's, it's nice  
And, and nice and nice and nice and  
And I like it, I like it, I like it out here, I  
Oh, my head, my head it hurts, oh, it hurts
