

# Alone (feat. Lauren Evans) [Radio Edit]

[Armin van Buuren](#)

Everyone is walking on the edge of life  
Like a ghost of a shadow, barely alive  
Even time's in a rush  
But it's going nowhere Everyone's connected but no one is connecting  
The human element has long been missing  
Tell me, have you seen it  
Have you seen it Or are we alone  
'Cause I need something to believe in  
Tell me, are we alone  
Where is the life, where is the feeling  
Is anybody out there  
Is anyone listening  
Is anyone left in this whole world  
Or are we alone  
Alone Where is the feeling Everybody needs to know  
Somebody who cares  
Just a friendly face  
You can trust to be there  
Are you afraid to be known  
And not be a stranger 'Cause everyone's connected but no one is connecting  
The human element has long been missing  
Tell me, have you seen it  
Have you seen it Or are we alone  
'Cause I need something to believe in  
Tell me, are we alone  
Where is the life, where is the feeling  
Is anybody out there  
Is anyone listening  
Is anyone left in this whole world  
Or are we alone  
Alone Is anyone left in this whole world  
Or are we alone  
Alone
