Sweet Hawaii, beauty. Only can now I imagine, livin' in a time more pleasant.  
Sweet Hawaii, people of Hawaii nei, let me hear you say! All di people livin' Hawaii dem a movin' too fast.  
No malama for da keiki, just fi keep dem right on track,  
Dem a learnin' naughty things, yes, we make di people lose, den the next thing we know dey up in cuffs. (Let's show dem)  
You and I T-Y  
You and I T-Y (Das a unity!)  
So slow down di pace, take a look around,  
No more fas 'n' no more fightin' show di pride of our hometwon. Sweet Hawaii, beauty. Only can now I imagine, livin' in a time more pleasant.  
Sweet Hawaii, people of Hawaii nei, let me hear you say! We got we is di fire, fire, in all of your desire.  
Gonna take th etime, to ease your mind, focus, 'cause we got your back.  
Turn it in, let's begin, we got to work together.  
Gonna rise above, and bring it down and never say never.  
Good to see you throw your hands up in di air!  
Wanna hear you where you gonna show dat you care!  
O, Sweet Hawaii, I'm talkin' to you!  
Gonna shed the love you know, Jah!, 'cause dis is what we do! Sweet Hawaii, beauty. Only can now I imagine, livin' in a time more pleasant.  
Sweet Hawaii, people of Hawaii nei, let me hear you say!  
Sweet Hawaii, beauty. Only can now I imagine, livin' in a time more pleasant.  
Sweet Hawaii, people of Hawaii nei, let me hear you say! When I walk around that town, I look left, I look right.  
And di younger generation doing things just to spite.  
No communication, between elder and young.  
Gotta tell about di past for insight to the future.  
I remember when my tutu would reminisce.  
'Bout the days she would gaze at the morning dew mist.  
Neva had to worry, at the time in her mind, 'cause love was in di air, so up in the divine! Sweet Hawaii, beauty.  
Only can now I imagine, livin' in a time more pleasant.  
Sweet Hawaii, people of Hawaii nei, let me hear you say!  
Sweet Hawaii, beauty. Only can now I imagine, livin' in a time more pleasant.  
Sweet Hawaii, people of Hawaii nei, let me hear you say! (Let's show dem)  
You and I T-Y  
You and I T-Y (Das a unity!)  
(Let's show dem)  
You and I T-Y  
You and I T-Y (Das a unity!)
