Beggarman

Wintergreen

You know the state
Mind I'm in
How could I get so low?
Erase it from my memory
The hands of fate
They move too slow
I'm goin' down
So hard to fall
I've got to find some peace
And I have got to save myself
You know my Soul will
Be released
You Kill me like an Animal
you kill me
And I won't, no I won't
I won't be no Beggar Man
I won't be no Beggar Man
And I won't, no I won't
I won't be no Beggar Man
No more, no more...
Here come the deep down
Cryin' pain

Now you can taste my blood
And I can see the shallow grave
My malady misunderstood
The Chasm that I lie beneath
Has all but took my pride
But I've been pulled by gravity,
Connected to the storm inside
You Kill me like an Animal
you kill me
And I won't, no I won't
I won't be no Beggar Man
I won't be no Beggar Man
And I won't, no I won't
I won't be no Beggar Man
No more, no more...
You Kill me like an Animal

you kill me
And I won't, no I won't
I won't be no Beggar Man
I won't be no Beggar Man
And I won't, no I won't
I won't be no Beggar Man
No more, no more...
