

Aftermath

[Nitin Sawhney](#)

So let it be felt
Aftermath
Shades of hell
I set them free
But struggle
Eternally Its too late now
To turn the clock around
Frozen world outside
Made by foolish pride Time to mend
Your life begins
Breathe for me
Make me feel
Im not alone Rowen
Final stunt
Will the blood shed
End at once
Rowen
Is no doubt
Life in limbo
Is our home now
