Ka-boom!

Dark Lotus

Dark Lotus (Lotus)
I can make it thunder (Dark Lotus make it thunder)
[Jamie Madrox]Don't be lookin' to the sky for birds or planes
All you find is the Dark Lotus spittin' the Black Rain
Bodies slammin' each other

and your backpack's full of wack raps cause

Push the button, I dare you go ahead and do it
Ahh fuck it I'm 'bout to lose it
I'll show you there's nothing to it
I blew it up and then I walked away clean
I wiped the black like a slate at a house on the scene

and sp
