

# Mystic Wind (feat. Tony Rebel)

## Gentleman

...Gentleman and Tony Rebel give it to dem again  
We floating ina the mystic wind  
While dem gloating ina destructive sin  
Approaching ina the name of the king  
Obstacles down with you keep on moving  
The road to mount zion is ragged and nuff  
To reach mount zion  
You got to be made of the stuff  
Some a dem convicious and red eyed - red eyed deh  
Grabilious man dem a go die - go die deh  
Some of wuk fi babywrong a spy - a spy deh  
Why don't you give Jah love a try - a try deh  
It's like a neva turning ever burning fire  
Ina the enemies eyes - enemies eyes  
Rise above your standarts and behave as if ya did try  
As if you don't even try  
Terrible crises the people of the world a face  
Leaders a journey inna outta dem own self place  
Gentleman rebel a represent anotha case  
To see how much negativity we can now erase  
The double standarts  
Of your way of life  
Devouring flesh  
Through the day and night  
Oh since the birth of man  
Destruction on the land  
Chosen will understand  
That we fi live the masterplan  
The weak will soon be strong  
The right will show the wrong  
Why can't we get along  
Like melodies in dis here song  
It's like a neva turning ever burning fire  
Ina the enemies eyes - enemies eyes  
Rise above your standarts and behave as if ya did try  
As if you don't even try  
Some a dem convicious and red eyed - red eyed deh  
Grabilious man dem a go die - go die deh  
Some of wuk fi babywrong a spy - a spy deh  
Why don't you give Jah love a try - a try deh
