

# Biloxi Parish (live)

## The Gaslight Anthem

I've been fondling with your heart strings  
And that's good enough for me  
And if I break over your house  
Then I know I must been working  
Try it on for size my darling  
See what man you can make of me  
I will eventually haunt you  
And you'll eventually will be my queen And I'll be with you through  
The dark so that you do not  
Go through the dark alone  
On your own I've been down at Biloxi Parish  
And that's good enough for me  
I found that nothing truly matters  
That you cannot find for free  
I love you more than can I tell you  
When you pass through from this world  
I hope you ask to take me with you  
So I don't have to wait for long But until then I'll be with you through the dark  
And until then I'll be with you through the dark And who else can say that about you, baby  
Who else can say that about you, now  
And who else can take all your blood and your curses  
Nobody I've seen ya hanging around  
Seen ya hanging around And all of our heroes with failures of ghosts  
Burn down in brilliant explosions alone  
And all of the blood and the sweat that they gave  
Well we took it all and we threw it away And who else can say that about you, baby  
Who else can say that about you, now  
And who else can take all your blood and your curses  
Nobody I've seen ya hanging around  
And who else can say that about you, baby  
Who else can say that about you, now  
And who else can say all your blood and your curses  
Nobody I've seen ya hanging around  
Seen ya hanging around
