Dr. Alban

Yo! My name is Dr. Alban, the MD, microphone doctor  
This song is dedicated to the people of Africa  
Swe Mix gimme some drums  
Yo! African people, unite  
Come together for the sake of your future  
Yo! African people uniteHello Africa! Tell me how you're doin'  
Hello Motherland! Tell me how you're doin'  
Hello Africa! Tell me how you're doin'  
Hello Motherland! Tell me how you're doin'  
Hello Africa! Tell me how you're doin'  
Hello Motherland! Tell me how you're doin'  
Hello Africa! Tell me how you're doin'  
Hello Motherland! Tell me how you're doin'Hello Nigeria! That's my Motherland  
Coming to Sweden now causin' a hysteria  
Takes a long time to travel the globe, so why be shy?  
Why be humble? I just came straight out the jungle  
You can't compete with me 'cause you know I got the rhythmI did it before and I'll do it again, so listen watcha  
say  
Yeah hear my point of view  
Not everyone can do this  
In fact only a few sophisticated, hardcreated  
That's who I am, and you knowI've been waiting  
So start pumping make some noiseThe Mandika tribe, the Hausa tribe  
The Fulani tribe, the Gooya tribe, the Zulu tribe  
Mi no live in a house mi live in a tree  
Electricity can give you a shock  
Mi no smoke no cig mi no take no coke  
All me take is a glass of juiceHello Africa! Tell me how you're doin'  
Hello Motherland! Tell me how you're doin'  
Hello Africa! Tell me how you're doin'  
Hello Motherland! Tell me how you're doin'I'm calling on the big guys from the pyramid top  
To join the bits and pieces of our Fatherland Africa  
'Cause without boundaries we can move the mountains  
Drop your personal individual ambitions  
Chase the devil off and purify our FatherlandAfrikan people, crawl from your vultures  
Stand affirm 'cause you are the aura of the mankind  
You are the dreams, you are the hope, you are the future  
You are the past, you are the grandfather of civilization  
That is why A N C wants old dogs to sitThe impossible just takes a little longer

Out of this world and into another world  
 The earth is spinning round and there's so much to discover  
 The African man seems to be everywhere  
 If there are people in the world  
 Who knows that right is never wrong  
 Stop the fire burning in my home Africa  
 Martin Luther King, Mandela you had a dream  
 Self evidence and a quality for men  
 Africa for me and Africa far you de Klerk  
 It doesn't really matter whether a cat is black or white  
 What really matter is to catch the mouse  
 I'd rather do it in an African way  
 Hello Africa tell me you you're doin' Mmm, jumping on the mike, it 'cause me a rockin' up affection  
 When I'm holdin' me a mike, it 'cause me awesome affections  
 What you say to me, me a fun and me warm  
 Spend some me a time on the Tresittia dime  
 Don't you try to follow me you ought to realize what me are  
 What me a really want, me not fly  
 No I am just coolin', come on now just set it off  
 Hello Africa! Tell me how you're doin'  
 Hello Motherland! Tell me how you're doin'  
 Hello Africa! Tell me how you're doin'  
 Hello Motherland! Tell me how you're doin' I have been mourning, I have been grieving  
 I have been crying, no more tears in my eyes  
 There's a hottie, hottie wind blowing south to north  
 Following my head, drying all my plants  
 If there's a mercy in the clouds  
 You know right is never wrong  
 Move the sadist off my back  
 And stop the fire burning in my home Africa  
 Here comes the news from the mighty Lord  
 Transqualation is about to come to Earth  
 Right, rapping is digging down river, north to south  
 To let milk and honey flow side to side  
 My name is Alban, mi is a dentist, mi DJ here, mi DJ there  
 Mi have a shop on Slojdgatan, Alphabet St. is da name  
 Mi live in no house, mi live in a flat. electricity can give you a shock  
 Mi smoke no cig, mi take no coke, all me takes is a glass of juice  
 Hello Africa! Tell me how you're doin'  
 Hello Motherland! Tell me how you're doin'  
 Hello Africa! Tell me how you're doin'  
 Hello Motherland! Tell me how you're doin'
