Chocolate Factory

R. Kelly

Baby, it's nobody like you, you're a good friend, you know
You've been there for me from the beginning
And this is why I love you, I mean I place no one above you
You know what I'm saying
Anything you want you just come to daddy, listenWhen I discovered you, I discovered a piece within
A joy like no other, you are my closest friend
If you were a number you'd be a perfect 10
Right out of the blue skies you were Heaven sentThe way we made love over and over again
If I had to describe it, wouldn't know where to begin
I am so proud to be your next of kin
You prayed over me when I had no reason to liveCandy, caramel coated taffies, chocolate covered strawberries
Love so sweet, you're my chocolate factory
Gum drops mixed with chocolate, milk bars, there's so much variety
Love so sweet, you're my chocolate factoryWait a minute, baby
Now, if I could write a book on how you make me feel
The title would read, a strong black man and that's for real
I've been going round and round just like a ferris wheel
Been in and out of relationships but you're that dealThere ain't nobody else on God's great earth for me
Heaven stirred us up together and made the perfect chemistry
Wouldn't change you for the world as long as I exist
You're always in the kitchen cooking up my favorite dishCandy, caramel coated taffies, chocolate covered strawberries
Love so sweet, you're my chocolate factory
Gum drops mixed with chocolate, milk bars, there's so much variety
Love so sweet, you're my chocolate factoryYou're that puzzle piece that completes me
Girl, you set my soul free
Girl, you're everything
Girl you're everything that I could needYoure my escape when I wanna be free
When I wanna be free, yeah
You're full of dainty treats
Like peppermint, sweet tarts, big blues, red hots, baby you areCandy, caramel coated taffies, chocolate covered strawberries
Love so sweet, you're my chocolate factory
Gum drops mixed with chocolate, milk bars, there's so much variety
Love so sweet, you're my chocolate factoryCandy, caramel coated taffies, chocolate covered strawberries
Love so sweet, you're my chocolate factory
Gum drops mixed with chocolate, milk bars, there's so much variety
Love so sweet, you're my chocolate factoryCandy, caramel coated taffies, chocolate covered strawberries
Love so sweet, you're my chocolate factory

Gum drops mixed with chocolate, milk bars, there's so much variety
Love so sweet, you're my chocolate factoryCandy, caramel coated taffies, chocolate covered strawberries
Love so sweet, you're my chocolate factory
Gum drops mixed with chocolate, milk bars, there's so much variety
Love so sweet, you're my chocolate factory
