Never Gonna Happen

Lily Allen

I don't wanna hurt you
'Cause I don't think it's a virtue
But you and I have come to our end
Believe me when I tell you that
I never wanna see you againAnd please can you stop calling
'Cause it's getting really boring
And I've told you I don't want to be friends
Believe me when I tell you that
I never wanna see you againHow on earth could I be any more obvious?
It never really did and now it's never
Gonna happen with the two of usI don't understand what it is that you're chasing after
But it makes me really sad to hear
You sound so desperate, it just makes it harderI can see how it's confusing
It could be considered using
When I call you up straight out of the blue
But I don't understand what else
A girl in my position's to doNow I know you feel betrayed
But it's been weeks since I got laid
This doesn't mean that I don't think you're a fool
But I don't understand what else
A girl in my position's to doHow on earth could I be any more obvious?
It never really did and now it's never
Gonna happen with the two of usI don't understand what it is that you're chasing after
But it makes me really sad to hear
You sound so desperate, it just makes it harderI know it's rather ugly
'Cause I know that you still love me
And this isn't any kind of excuse
I don't love you, I don't love youHow on earth could I be any more obvious?
It never really did and now it's never
Gonna happen with the two of usI don't understand what it is that you're chasing after
But it makes me really sad to hear
You sound so desperate, it just makes it harder
