

All Alone

Dru Hill

I'm gonna say to myself
Where there's no one else around me
I'm gonna stay to myself
So that no one else can find me
That's what I'm gonna do
My baby love, if I can't have you
Maybe I'm better off on my own
If I pray to myself
Maybe God above will hear me
And if it is in His will
Then He'll send you right back to me
I'll hold my feelings inside
So that you won't see me cry
I hope it's all in my mind
'Cause I'm scared
I'm gonna chill to myself
Leave the stress of a world from inside me
I'm gonna walk all alone
And leave all my troubles behind me
That's what a man has to do
In his life just to make it through
I'm gonna chill to myself
All alone, since you left me baby I've been steady cryin'
All alone, wonderin' if you ever really truly loved me
All alone I'll never give my heart again
Baby, I've got to be alone
Baby can't you see just what is happening to me
All alone, now won't you come along and baby rescue me
All alone, I can't stand being all alone
And I'll never be alone again
Another time, another place, another love
May be it will happen then
But I won't live my life on faith, oh no
So I'll keep my tears inside
And drift away where I'm alone
Since you left me baby I've been steady cryin'
All alone, wonderin' if you ever really truly loved me
All alone, I'll never give my heart again
Baby I've got to be alone

Baby can't you see just what is happening to me
All alone now won't you come along and baby rescue me
All alone I can't stand being all alone
And I'll never be alone again
All alone, all alone, all alone
...
