

Ladies Room

Kiss

Every time it's the same well now
What follows me is my fame
And you're what I need
To play the game ooh yeah You say you like to dance
Well, I think I'll take the chance
And ooh baby, maybe
Time for romance yeah You're such a jewel in the rough
You wanna show me your stuff
For my money you can't be too soon, no Meet, meet you in the ladies room
I'm pleased to meet you in the ladies room
For my money, you can't be too soon You say you like to play
Well it's too late for you to get away
You gotta believe me
When I say, ooh yeah, ooh yeah You're such a jewel in the rough
You wanna show me your stuff
For my money you can't be too soon, no Pleased to meet you in the ladies room
I'm pleased to meet you in the ladies room
For my money you can't be too soon Ooh yeah, you're such a jewel in the rough
You wanna show me your stuff
For my money you can't be too soon Pleased to meet you in the ladies room
I'm pleased to meet you in the ladies room
For my money you can't be too soon Pleased to meet you in the ladies room
I'm pleased to meet you in the ladies room
For my money you can't be too soon
You can't be too soon, yeah yeah
