Excited

Avant

(Intro)
This feels good
(Verse)
First class flights
Fendy bags, ice
A little something to dodge us
Penthouse address
Nothing too good for my girl
Live a fast life
Let me keep you right
This is what I do and I do what I do
What?s your name?
Let me start this by introducing myself
It ain?t a game
I?ll make sure you won?t leave with nobody else
(Bridge)
Girl I know what you tryna do
Every nigga in the club got his eye on you
They lyin to you
?Cause I?m the only one worth it, yea
I can bring you from the old or new
Give you something to look forward to
So baby what you wanna do?
Girl you?re such a tease
(Chorus)
But it makes me excited
Girl you make me excited yea yea
So you make me excited oh oh
That?s what you doin to me
Doin to me, it?s time to leave yea yea yea
(Verse)
Take a walk with me
Let me buy you a drink
I know how to get you, tequila and lime juice
Don?t worry, ain?t breakin no rules
But it?s goin down
Put it brown and round
Yea, just how I like it
I know the feeling?s mutual, girl

So what it is?
I?m not standing here just to waste your time
But I?m positive
You keep staring at me I?mma lose my mind

(Bridge)
Girl I know what you tryna do
Every nigga in the club got his eye on you
They lyin to you
?Cause I?m the only one worth it, yea
I can bring you from the old or new
Give you something to look forward to
So baby what you wanna do?
Girl you?re such a tease
(Chorus)
But it makes me excited
Girl you make me excited yea yea
So you make me excited oh oh
That?s what you doin to me
Doin to me, it?s time to leave yea yea yea
(Interlude)
If you sassy
I?m gon get it
And if you go home (home) with me (with me) I?m gon hit it
If you sassy
