

# She's Making Whoopee In Hell Tonight

Lonnie Johnson

Baby, you been gone all day, set  
to make whoopee  
tonight

You been gone all day, set to make whoopee tonight  
I'm gonna take my razor and cut your late hours, I will be serving you right  
The undertaker's been here and gone, I gave him your height and size  
Undertaker's been here and gone, I gave him your height and size  
You'll be making whoopee with the devil in hell tomorrow night  
You made me love you, just got me for your slave  
You made me love you, just got me for your slave  
And from now on you'll be making whoopee in your lonesome grave  
Devil got ninety thousand women, he just needs one more  
Devil got ninety thousand women, he just needs one more  
You're just the type of woman for him, mama, you're booked out and bound to go  
I told you, next time you go out, please carry your black dress along  
Told you, next time you go out, please carry your black dress along  
'Cause a coffin will be your present and hell will be your brand new home
