

# Animal Attraction

## Aija

Seen you walkin'  
Across the floor  
You caught my eye  
Dirty fishnets  
Bright red lips  
My favorite kind  
With a look that says  
Keep your distance  
But not too far  
Before I knew it in this spot the voices in my head I found myself inside of your car  
And now...

I can't see, it's a sexual reaction  
You and me, it's animal attraction  
We should be in each other's arms tonight  
She said dim the lights if you want some action  
You and me it's animal attraction  
This could be so dirty that it just ain't right  
Slow it down now  
The night is young and  
We still got time  
Call me crazy  
But damn I'd like to  
Get inside of your mind

But you don't have the patience for the smallest conversation that would let me know the trouble ahead  
You just grab me 'round the neck and push your skirt against my jeans and say "I like to do my talking in bed"  
And now...

I can't see, it's a sexual reaction  
You and me, it's animal attraction  
We should be in each other's arms tonight  
She said dim the lights if you want some action  
You and me it's animal attraction  
This could be so dirty that it just ain't right  
She told me..  
Baby shut up now, let me put that mouth to work  
She told me..  
I don't wanna be your friend, so don't get those feelings hurt  
She told me..

While we're sitting here wasting time we could be underneath the sheets

She told me..  
Keep that story to yourself, let me show you how it's supposed to be  
I can't see, it's a sexual reaction  
You and me, it's animal attraction  
We should be in each other's arms tonight  
She said dim the lights if you want some action  
You and me it's animal attraction  
This could be so dirty that it just ain't right
