Doo'up Doo'up Doo'up Doo'up Doo'up Doo'up

call my name,

I got you in my heart, I got you in my head

Your magic it surrounds me

I've got you in my heart, I got you in my head

Let's make a rendezvous I've got you in my head

Let's make a rendezvous

Let's make a rendezvous

Let's make a rendezvous

I got you in my heart, I got you in my head

Your magic it surrounds me

I've got you in my heart, I got you in my head

Let's make a rendezvous I've got you in my head

Let's make a rendezvous

Let's make a rendezvous

Let's make a rendezvous I've got you in my head...

I got you in my heart and I got you in my head I've got you in my head

Let's make a rendezvous

Let's make a rendezvous

Let's make a rendezvous I've got you in my head...

I got you in my heart and I got you in my head
