

# I Want You To...

Jem

Maria, salimos esta noche?  
Ay, no se  
Maria, igual encuentras un chico guapo  
No se, estoy cansada  
Sabes que? Que vas a salir y ser una gran noche  
Spinning round and I touch the ground  
And I let go of my mind  
Let the music take over my body  
And I start to unwind  
Feel the heat as I rock the beat  
And I see your sexy smile  
Intense attraction, bodies like magnets  
My thoughts start to run wild  
De arriba nace el amor  
I want you to love me  
I want you to touch me  
I want you to know me  
I want you to show me  
I want you to love me  
I want you to touch me  
I want you to know me  
I want you to  
Moving forward and arching back  
With that hot look in your eye  
Up so close I can feel you touching me  
No time to be shy  
Head to head, no I won't be lead  
Well I, I'll put up a fight  
Feel the bass now, my pulse is racing  
And I'm flying tonight  
De arriba nace el amor  
I want you to love me  
I want you to touch me  
I want you to know me  
I want you to show me  
I want you to love me  
I want you to touch me  
I want you to know me  
I want you to  
De arriba nace el amor  
I want you to love me  
I want you to touch me  
I want you to know me  
(De arriba nace el amor)  
I want you to show me  
I want you to love me  
I want you to touch me  
I want you to know me  
(De arriba nace el amor)
