Rain & Snow

B2k

Let it rain, let it rain
Let it rain, let it rain
Let it rain, let it rain, let it rain
Let it rain, let it rain
Let it rain, let it rain
Let it rain, let it rain, let it rain
Let it rain, let it snow
Let it rain, let it snow
All the problems let 'em go
'Cause it's Christmas
Let it rain, let it snow
Let it rain, let it snow
All the problems let 'em go
'Cause it's Christmas
It's Christmas Eve
I got my presents under the tree
I'm chillin' with my family
And that's all I need
Love everywhere
Mistletoes under the stairway
It's raining, it's pouring
My Christmas is snowing
Let it rain, let it snow
Let it rain, let it snow
All the problems let 'em go
'Cause it's Christmas
Let it rain, let it snow
Let it rain, let it snow
All the problems let 'em go
'Cause it's Christmas
It's time to eat
Got Grandmama cookin' them greens
Don't forget the macaroni and cheese
'Cause this day is special to me
Little kids playin' out in the snow
Homies at the table slappin' them bones
It's raining, it's pouring
My Christmas is snowing
Let it rain, let it snow

Let it rain, let it snow
All the problems let 'em go
'Cause it's Christmas
Let it rain, let it snow
Let it rain, let it snow
All the problems let 'em go
'Cause it's Christmas
Man, it's finally Christmas
It's a good year you know
Yeah, feels when good bein' with your family
And everything, you know, havin' fun
Let it rain, let it snow
Let it rain, let it snow
All the problems let 'em go
'Cause it's Christmas
Let it rain, let it snow
Let it rain, let it snow
All the problems let 'em go
'Cause it's Christmas
Let it rain, let it snow
Let it rain, let it snow
All the problems let 'em go
'Cause it's Christmas
Let it rain, let it snow
Let it rain, let it snow
All the problems let 'em go
'Cause it's Christmas
