## Saving Jane

hold on baby  
i cant stand this pain  
im so scared to fly without you  
but im touching down again  
and its been so long baby  
since i saw your face  
and i pretend it doesnt matter  
just one thing i cant replacebut its alright  
i will live through this again  
and i never said i love you  
i hope you know thats what i meant  
cause you're on my mind againhold on baby  
is it cold there where you are  
andi know you say you bleed for me but i have all the scars  
so long baby it was good but now it's gone  
so much i mean to say to you  
and it always comes out wrongbut its alright  
i will live through this again  
and i never said i love you  
i hope you know thats what i meant  
cause you're on my mind againbut its alright  
i will live through this again  
and i never said i love you  
i hope you know thats what i meantcause its alright  
i will live through this again  
and i never said i love you  
i hope you know thats what i meant  
cause you're on my mind again
