

Some Blue Moons Ago

Patty Loveless

Sensitivity ain't your style
A cheap box of candy
And an Elvis smile drove me wild
That was some blue moons ago
Used to thrill me when you hold me tight
But I don't want another summers night
Baby, it's alright
That was some blue moons ago
I need a warm romance
You gotta take a chance
You gotta let those feelin's show
You need to give and take
Come on, communicate
Baby, love's not touch and go
Like it was some blue moons ago
Come on, baby, it's a brand new day
I need your love but in a different way
Hold me, honey, it don't take much
All I need is just a little touch
I'm not hangin' on to yesterday
We need the kind of love
That's built to stay, baby, here today
Not some blue moons ago
I need a warm romance
You gotta take a chance
You gotta let those feelin's show
You need to give and take
Come on, communicate
Baby, love's not touch and go
Like it was some blue moons ago
Some blue moons ago
Some blue moons ago
Some blue moons ago
