## Ladytron

Ground floor, ladies' clothes, sportswear, stationery  
First floor, kitchenware, furnishings, confectionery  
Second floor, children's toys, back to school, and many more  
Fourth floor, electronic, fake antiques, and lingerie  
I saw your face on a black-and-white screen  
I knew your name from the checkout machine  
You don't have to spend, you just have to pretend  
Ground floor, ladies' clothes, sportswear, stationery  
First floor, kitchenware, furnishings, confectionery  
Second floor, children's toys, back to school, and many more  
Fourth floor, electronic, fake antiques, and lingerie  
I saw your face on a black-and-white screen  
I knew your name from the checkout machine  
You don't have to spend, you just have to pretend  
Ground floor, ladies' clothes, sportswear, stationery  
First floor, kitchenware, furnishings, confectionery  
Second floor, children's toys, back to school, and many more  
Fourth floor, electronic, fake antiques, and lingerie  
I saw your face on a black-and-white screen  
I knew your name from the checkout machine  
You don't have to spend, you just have to pretend
