

# Funky Butt

**Bill Morrissey**

I thought I heard somebody say  
Funky butt, stinky butt, take it away  
'cause I don't like it no how.

You see that girl with the red dress on  
She got the funky butt, stinky butt, sure as you're born.  
'cause I don't like it no how.

I thought I heard somebody say  
...take it away, take it away  
'cause I don't like it no how.

I...wanna bolt and shout  
Open the window let the funk go out  
'cause I don't like it no how.
