Heaven's Gonna Wait

Hedley

Always walking straight home like the other good girls do
Be careful what you wish for, they could never be like you
It's not the right thing baby but the right thing suits so few
Lets take the other road baby 'cause it looks so good on you
Chorus:
So hold on tight
It's gonna be a wild, wild, ride
And tonight, you won't need your wings to fly
'Cause angels got a lot to lose
So hang on tight
I'm gonna make you come to life
And when you're there
You won't need to say your prayers
'Cause heaven's gonna wait for you
All your golden crosses hanging by a single thread
Remember what you want and forget what the good book says
It's not the right thing baby but the right thing suits so few
Let's take the other road baby cause it looks so good on you
Chorus:
So hold on tight
It's gonna be a wild, wild, ride
And tonight, you won't need your wings to fly

'Cause angels got a lot to lose
So hang on tight
I'm gonna make you come to life
And when you're there
You won't need to say your prayers
'Cause heaven's gonna wait for you
Only the good die young
How can it feel so real
And be so wrong
..so wrong
So hang on tight
I'm gonna make you come to life
And when you're there
You won't need to say your prayers
'Cause heaven's gonna wait for you
So hold on tight

It's gonna be a wild, wild ride
And tonight, you won't need your wings to fly
'Cause heaven's gonna wait for you (ohhh)
Heaven's gonna wait for you (ohhhh)
Just a little bit longer (ohhhh)
Heaven's gonna wait for you (ohhh)
Just a little bit longer (ohhhh)
Heaven's gonna wait for you
