

Shallow Water

Sawyer Fredericks

Went down to the lake
The waterâ€™s shallow
Fell in.

I fell into shallow water
Itâ€™s fast,
But itâ€™s
Shallow water
I can stand
And I wonâ€™t go far

Sun goes down
And the river slows down
And the birds come down
To the ground
And the moon comes up
The night comes around
It comes around

I fell into
Shallow water
Itâ€™s fast,
But itâ€™s
Shallow water
I can stand
And I wonâ€™t go far.

Sun comes up
And the river speeds up
And the birds take wing
And the moon goes to sleep
It goes to sleep
But the night
Still comes around
Still comes around
Still comes around
Still comes around

Went down to the lake
The waterâ€™s shallow
