Rocks

Ben Jelen

Strokes of dark, a brush of light I watch you bring your canvas into light Oh, I know that's how you see the world I know that you see anything you likeBut now I'm doubting me I know I shouldn't be But I've been down, I've been down'Cause it was love, wasn't it? Well, it's killing me not having it It's hard to not remember, forget it's not the same When still you come and tell me "Sorry, I came without an invitation Just wanted to be loved", now you knowThe last perfect thing You know that you bring me back to life On and on and on I think about you all day long I need you to be stronger'Cause now I'm doubting me I know I shouldn't be But I've been down, I've been down'Cause it was love, wasn't it? Well, it's killing me not having it It's hard to not remember, yeah, it's not the same When still you come and tell me "Baby, I came without an invitation Just wanted to be loved "Yeah, yeah, I hear the sound And I know that you'll be coming 'round You know, I'll wait for youOh, love, it's killing me not having it I need you to be stronger Don't wanna hear the sound 'Cause rocks upon my window Mean that you're coming 'roundAnd how could I resist? When I think you're still in love How can I move on?
