Stick

Banks

Cold shoulder
I'm so sick that you,Â make it come quick
Hard to dance straight
I'm so down for you,Â we could really stickCold shoulder
I'm so sick that you, make it come quick
Hard to dance straight
I'm so down for you, we could really stickI got to take you home
We're living in hard times, we're living in hard times
Baby, you think you know
I think it's about time, that you're gonna make me wildBaby, you don't wanna leave
You'd be sorry, 'cause honestly
I can make you feel better, any day
Look at what you've done for me,Â I called it how I see
You belong with meCold shoulder
I'm so sick that you, make it come quick
Hard to dance straight
I'm so down for you, we could really stickCold shoulder
I'm so sick that you, make it come quick
Hard to dance straight
I'm so down for you, we could really stickTell me I got you, baby
I wanna know how you taste, I wanna know how you taste
Now that you keep me warm
Baby I call you fire, and maybe I'll be your fireBaby, you don't wanna leave
You'd be sorry, 'cause honestly
I can make you feel better, any day
Look at what you've done for me,Â I called it how I see
You belong with meCold shoulder
I'm so sick that you, make it come quick
Hard to dance straight
I'm so down for you, we could really stickCold shoulder
I'm so sick that you, make it come quick
Hard to dance straight
I'm so down for you, we could really stickTell her you love her,Â tell her you love her,Â tell her you love her
Tell her you love her, tell her you love her, tell her you love her
Tell her you love her, tell her you love her, tell her you love her
Tell her you love her, tell her you love her, tell her you love her
