Louder

Genitorturers

I want it
I need it
I've got to have it
Yeah!Oh, yeahWill give something new
Something cool
Something advertising
Wanna separate, masquerade
And something tear to...
Wanna make you shake
Make you quake inside we're terrorizing
Feel the the groove, make you...
Make your blood come rising
Take me to the stage
I take your breath away
Come onI want it
I need it
I want it
Louder, louder, yeahI want it
I need it
I want it
And I want it right nowI transform my future
When I take the stage my demons come out me
... beating down your back
My vengeance cause you screaming, yeah
Turn the rock up
Make you all a part of me
Turn the rock up
Louder, louderCause you wanna live in sorrowful dreams
And be star you've never seen, yeah
Get you harder now
So, make it louder nowTake me to the stage
I take your breath away
(I want it)I want it
I need it
I want it
Louder, louder, yeahI want it
I need it
I want it
And I want it rightYeah

I only left when I bleed
I am just the bitch that you need
To tear this whole world apart
And leave 'em crying
Never forgive (you) ever lived
I push you harder, then hell
Burning deep in your heart
Wish you were dyingI want it
I need it
I want it
Louder, louder, yeahCome onI want it (Yeah!)
I need it (Ah!)
I want it
Louder, louder, yeahI want it
I need it
I want it
Louder, louder, yeahI want it
I need it
I want it
Louder, louder, yeahI want it
I need it
I want it
And I want it right nowI want it
I need it
I want it
And I want it right
