

I Don't Wanna Be In Love (Dance Floor Anthem)

Good Charlotte

She's going out to forget they were together
All that time he was taken her for granted
She wants to see if there's more than he gave, she's looking for

He calls her up he's tripping on the phone line
He doesn't want her out there and alone now
Knows she's moving it, knows she's using it
Now he's losing it and she don't care

[Chorus]

Everybody put up your hands up say, I don't wanna be in love,
Feel the beat now if you got nothing left say I don't wanna be in love
Don't give up now, you got a reason to live say, I don't wanna be in love
Feeling good now, don't be afraid to get down say, I don't wanna be in love

He was always giving her attention
Working hard to buy the things she mentioned
He was dedicated by most suckers hated
That girl was fine but she didn't appreciate him

She calls him up, she's tripping on the phone line
He had to get out and he ain't coming home now
Now lets try to forget it that's how he got with her
When he first met her and when they first got together

[Chorus]

To the beat , to the beat, to the beat,
You got nothing to lose don't be afraid to get down
We break up, its something that we do now,
Everyone has got to do it sometime
It's OK let it go, get out there and find someone (some more)
It's too late to be tripping on the phone here
Get off the wire you knew everything is good here
Stop what you're doing you don't want to ruin your chance to find a new one

[Chorus]
