

# Make It Easier

## Indigo Girls

I'm in search of greener pastures  
Don't like my garden's what I said  
Although I'm working harder than last year  
I'm still deep in the red I am rowing as hard as I can  
And they're selling me up a stream  
I'm always a one more step away  
From the American dream I got a chip on my shoulder  
About the size of a mental block  
And I've got someone on the telephone  
Trying to sell me a future in stock Maybe I work too hard to be happy  
And I should practice letting go  
But it's hard not to rock the boat  
When you're sailing against the undertow I want to slide into the black  
And wear the black mask  
I might not get what I lack  
But it doesn't hurt to ask If I want to sail  
I need my life to be breezier  
I said "Please God or someone  
Make it easier" I went to Sunday school every Sunday  
Swallowed the bait and I got the hook  
When I needed something someday  
I would read the real good book And tell me, what does it take to get ahead?  
Times I know I'd sell my soul  
It looks like everybody else is flying  
And I'm crawling in the hole Well, maybe if I open my own business  
Maybe if I buy the lottery ticket  
Someone tell me what is the secret  
We're gettin' out of the thicket Give me more than just a sample  
I need a whole lot of, lot of glory  
My life become an example  
Of the American success story I want to slide into the black  
And wear the black mask  
I might not get what I lack  
But it doesn't hurt to ask If I want to sail  
I need my life to be breezier  
I said "Please God or someone  
Make it easier" I want to slide into the black  
And wear the black mask  
I might not get what I lack

But it doesn't hurt to ask If I want to sail  
I need my life to be breezier  
I said "Please God or someone  
Make it easier  
Make it easier  
Make it easier"
