

Until The End

Mortification

As I await my time
I assume responsibility
With my heart in Christ
His direction reveled to me

CHORUS

He gives me eyes to see
Real life reality
Living day by day
Along his chosen way
I used to follow idols
Things upon the earth
They added to my selfishness
I learned that Christ must be first

CHOURS

Spiritual maturity is what we require
Eternity proceeds our death resist the rebels desire
You need to make a stand
Get on your knees and pray
Turn from your selfish past
Put your pride away
Seek God with all your heart
Listen to his voice
Satan has deined the truth
You must make a choice
To take your life away from Christ
What's it really worth
To exit from eternal life
and die upon the earth

CHORUS
