

# Rememo

## Kings Of Leon

On a plane, on a plane  
Off to see the city girls again  
Only bringing what to carry on  
So that you know I won't be long Dripping beards as cold as hell  
And the motherfuckers gonna go to jail Honestly I can see  
The giggling virgin overlooking me  
Trying to put together what to say  
Although it wouldn't matter anyway Dripping beards as cold as hell  
And the motherfuckers gonna go to jail This rememo is set for home  
It's personal but they need to know I'm overdue another round  
To gain control and take me down  
You're all tied up as you should be  
And I'll be cutting out naturally Dripping beards as cold as jail  
And the motherfuckers gonna go to hell This rememo is set for home  
It's personal but they need to know
