

# Swimming Suit

## Tahiti 80

It's gonna cause you sorrow  
It's gonna give you all you need  
Forget about tomorrow  
Don't dramatize the things you didIt quickly flows to the sea  
So quickly you won't seeSo many things to face  
And you're still in the wrong place  
It's easy if you try  
Don't emphasize the things insideIt quickly flows to the sea  
So quickly you won't see
