

Californication

Tune Robbers

In californication, yeah, bitch I'm from the country dumb make the nigga soft
Big city nigga come south and get they wigs knocked off
...I just hustle and flow, find a track to start and pimp on a hoe
The block got hot a nigga had to get low
Get the fuck out of ... I hit my uncle on the east side
Trevon, wharrup neph what's cracking
I wanna visit L.A., I'm already packed
Been already stacking so we gonna get turned up
Soon as you land, purple kush gonna get burnt up
Shit, the next day I'm in the LAX
Uncle Trey pulled up in a Camaro SS
Black on black, sitting on 23
Bumping rich boy like bitch ...
2 bad bitches in the back seat, one of them for me
Next ... name Marie, rolling up some trees,
...Roll down the window, just to feel the breeze
It's real nice, feeling like paradise shit
And all I can see is sunshine and palm trees
Welcome to californication, welcome to californication
Where we're going, to the hood
Now I wanna see the ...shower...
Fool, that's where the cops be
I ain't got no driver's license or assurance
Sure enough the cops put us over on...
Everybody out the car, the cops set us on the curbe
They searched the ashtray and found a roach full of herbs
What's this in that cigar? Medical marijuana officer
I got acall
What condition you smoke weed for?
Trevon Jones, place your hands behind your back
You're under arrest for warrants go to court...Monday
Monday? It's Wednesday man,
Or maybe Tuesday, you heard me m'aam
Now if you keep it up, I'll arrest you for obstruction of justice
Trev like, take the car, fuck this
Have fun, call my homies, go clubbing with you dumb ass
At least they ain't found my gun stash
Welcome to californication, you might come for vacation
Welcome to californication, you might leave on probation
I'm telling you that
Welcome to californication, anyone goes, everything goes

Welcome to californication, californicationI dropped the bitches off, now I'm off to my uncle house

Stopped by the liquor store, nothing but the thugs out

White teeth and chunks when niggas hit me up like

Where you from homie?

Lifted up his shirt on me, Colt 45

And dawg I wouldn't strap another would walk up like

Nah, he cool, that's Dave Black, Tray lo folks

Visiting from Mississippi,

Pass the pine of Hennesey, here sip this with me

I'm Javon, we're gonna get it popping tonight

Wassup, Hollywood around, these niggas are flocking at night

What's flocking? Breaking in homes...burglary nigga, damn you slow

Oh we kicked it in the hood drinking smoking kush twist up

Hood rat with the big butt chose up got our dicks up

Kissed my auntie on the cheek see you later

Now we 5 niggas deep and ...

The club's off the chain, I'm seeing models and stars

NBA players straight buying out the bars

The state of Arizona kinda segregate

But my dick don't discriminate,

Black girls white girls, pimping I just like girls

California girls, Katy Perry tight girls

Met an Asian with fake tits next to a hype girl

She took a pot of ...sniffing on that white girl

VIP bottles and all that, this ... started pouring out cognac

... I took a bottle and I cracked that nigga, smacked that nigga

Security bust me like arrest that nigga

Tearing up the club, all 5 of us

Asian bitch grab me like hurry up slide with us

But the cops were outside stop ... to retain me

Found some coke in her purse, motherfuckers play me

Next thing you know I'm in the county jail

I walked and I seen my uncle Tray's right there

And he's just shaking his head then he laughed at a nigga

Don't be in the bed, don't let the bright lights fool ya...

It's been 24 hours I just caught my first case

I just can't see the honey once I got locked up

Niggas doing crazy my advice...

As they tripping on me for no reason...Welcome to californication, you might come for vacation

Welcome to californication, you might leave on probation

I'm telling you that

Welcome to californication, anyone goes, everything goes

Welcome to californication, californication
