

No Sky

Guided By Voices

See you around, yeah
I wanted to call you around
See you around, yeah
I wanted to call you around Could you, could you
Keep a secret for me, yeah
Could you, could you
Keep a secret for me, yeah See you around, yeah
I wanted to call you around
See you around, yeah
I wanted to call you around When I'm alone
I can see no sky
When I'm alone
I can see no sky
When I'm alone
I can see no sky
