

# When You Love Someone

Chic

When you love someone  
You're like a child at play  
And when you need someone  
It's such a lonely play But when you love someone  
The sun shines just for you  
When you love someone  
Your heart it lights up too When you want someone  
It's neither here nor there  
And when you need someone  
The pain's too much to bear But when you love someone  
It's like Shangri-La around you  
When you love someone  
There's the beauty that surrounds you When you want someone  
You look and think how nice  
And when you need someone  
You feel like you're gonna die  
But you can be so happy When you love someone  
When you love someone  
When you love someone  
When you love someone Oh, stars come out tonight  
And shine so very bright  
I love someone  
Thank god, I love someone Oh, stars come out tonight  
And shine so very bright  
I love someone  
Thank god, I love someone Oh, stars come out tonight  
And shine so very bright  
I love someone Oh, stars come out tonight  
And shine so very bright  
I love someone When you love someone  
When you love someone  
I love someone When you love someone  
I love someone
